

Once again the constitution is under attack by BIG business. I am a conservative republican who normally supports business, but I AM getting frustrated and dismayed. Competition is good for business! I've heard that all my life. Now BIG Time radio wants to put the stop to competition from satellite radio company's. Let people make up their own mind where they want to get the local weather or traffic reports. If you are worried about losing listeners....IMPROVE your product!
Thanks for listening
